Teach your children how to safely navigate in the online world.

- An overview of the online world including current Australian statistics and trends, apps commonly used by children and young people and relevant age restrictions.
- Specific information about online gaming, photo and video sharing, sexting/nudes, online grooming, pornography, inappropriate content and cyber bullying.
- Information about protecting personal information online, digital footprint, digital reputation and the laws in Western Australia.
- Information about parental controls and restrictions, balancing online time and establishing boundaries and expectations.

Parent Feedback
"Great presentation – Every single parent, regardless of their child's age should take this workshop. The internet is here to stay and we need to know how to keep our kids safe." https://wachildsafetyservices.com
