

[Private Music Tuition at Quintilian](#)

Private music tuition at Quintilian has been growing more each year. Last year we had many students from all year levels receiving individual music lessons each week at school. A range of wonderful performance opportunities allowed our Quintilian musicians to showcase their instrumental talents last year, giving the students something valuable to work towards during their lessons at school. Many of our instrumental students go on to study music in the specialist programs offered at our surrounding high schools as well as continuing advanced instrumental studies at WAAPA and UWA.

At Quintilian, instrumental students receive weekly lessons with their teachers during class time. The timetable works on a rotating roster to ensure that the children don't miss out on the same classroom activities each week. Lessons are booked directly with the teacher concerned and I can provide contact details for each teacher on request.

We are currently offering lessons for piano, guitar, bass guitar, drums, cello and voice. If there are any other instruments that your child is interested in playing, please contact me and I may be able to organise for a new teacher for that particular instrument. Below are some details about each instrument that we offer.

If you have any queries about our instrument program or our teachers, please feel free to contact me: michelle.welschbillig@quintilianschool.wa.edu.au
