

# SUMMER CAMP 2019

**JANUARY 21-24**  
**GRADE 1-6 | 9am - 4pm**  
**CAMPS MEET DAILY**  
**MONDAY-THURSDAY (1 WEEK ONLY)**

## Every day is a new adventure!

Campers learn the engineering of past and present. We make science fun by incorporating role-play, art and of course, Lego®! Campers build cool motorized LEGO® bricks models, reflecting STEM theories learned together!

**For more information, send an email or call us.**  
**Campers may bring their snack and lunch labelled.**

## Our Camps

Using LEGO® and other exciting tools our campers have lots of fun. The campers learn STEM and take part in the following activities:

**Building Motorized LEGO®**

**Learning STEM**

**Playing Fun Games**

**Performing Cool Experiments**

**Advancing their Motor and**

**Spatial Skills**

**Outdoor & Art Activities**

**0423267517**
