

# Educated by Nature

Resilience through Connection

## Kids In Nature

### KIN Village: Bush Adventures + Wilderness Awareness Games

KIN Village is a drop and leave program that allows children to freely explore their world and community with the support of Nature Educators and Mentors.

We say 'YES' to kids and provide them with opportunities to play, build nature awareness and develop resilience. We do this through hut building, carpentry, community games, art, music and nature exploration.

Book in for one or multiple sessions!

#### Details

6-12 year olds

April 2019

9am - 4pm

\$79 per child
