

Quintilian School Strategic Plan 2018 to 2022

GOAL 1 Student Wellbeing	GOAL 2 Staff Wellbeing	GOAL 3 Learning Environment and Curriculum	GOAL 4 Community
Continue to develop confident and socially collaborative children, who have a love of learning and a strong sense of belonging and authentic purpose in their local and global community. Further develop students' resilience and prepare them for their forthcoming learning and the future world.	Continue to develop collaborative, empowered and open-minded staff that model lifelong learning to create engaging and supportive environments using innovative approaches.	A creative, active and real-world like learning environment which uses collaborative learning approaches, amongst empowered children and staff, to support curriculum development and cater for individual students learning styles.	Enhance and celebrate diversity in the school community. Foster positive relationships amongst the school and wider community through creating regular opportunities for participation in a variety of activities.
Objective 1.1 Students show initiative and accept responsibility.	Objective 2.1 Maintain positive teacher-parent relationships through effective communication	Objective 3.1 Provide space for the students to create and explore and problem solve.	Objective 4.1 Engaging with a variety of other school communities, both local and global.
Objective 1.2 Students are prepared for future learning (STEAM).	Objective 2.2 Foster a supportive culture where teachers share experiences and communicate freely.	Objective 3.2 Students effectively engage in a variety of technology across the curriculum, to support learning.	Objective 4.2 Organise events and extend invitations to the wider community.
Objective 1.3 Students demonstrate perseverance and problem solving. Learn from their mistakes and effectively handle failure.	Objective 2.3 Staff are sufficiently resourced to support and develop the educational environment.	Objective 3.3 Staff endeavor to reinvent the traditional classroom paradigm to allow project learning, collaboration and critical thinking.	Objective 4.3 Leverage and engage the (wider) school community, incl. alumni network, by maintaining the website and social media with current events and pictures.
Objective 1.4 Foster SEL, in particular demonstrating empathy and building positive relationships.		Objective 3.4 Increase specialist teaching time for students
