

# Meet the Board...

Quintilian's School Board includes 5 parents and 3 staff members, but who are they? We decided to ask them some questions to find out more... (Part 3/3)

**Staff Member: Principal Neil** – being the principal is always very interesting as each day I never know what's going to happen.

**Pre-Primary: What's something you'd like to try that you've never done before?** Following and cycling the mountains of the Tour de France cycling race.

**Marlie, Year 1: What's your favourite day of the week?** Monday, because in the evening I get to play Touch Football with my son and daughter.

**Year 3: What's your favourite joke?** What is black and white and read all over? A newspaper!

**Year 4: Who was your favourite teacher at school?** Mr Flint. He was my Year 4 teacher and made learning lots of fun.

**Max, Year 5: If you could buy any car in the world, which one would it be?** Lamborghini Aventador S – I would love to drive a Lamborghini car at least once in my life.

**Jack, Year 6: What is your favourite AFL team?** I have supported West Coast Eagles since they started.

**Board Chair: Sue-anne** - Mum to twins, Amanda and Sarah, in Year 4 and Friar Tuck, a fluffy dog-child ☺

**Pre-primary: If you could choose to have a new talent what would it be?** I'd love to play the piano. I learnt when I was at school but never really paid much attention to my lessons and didn't practice.

**Josephine, Year 1: What's your favourite game to play?** I love Chinese Checkers and the card game, Rummy. I used to play both for hours as a kid. I do love Scrabble and Game of Life too, so maybe I have 4 favourites.

**Ben, Year 2: What is your favourite wild animal?** Giraffes, they are so tall, and I love their colours and patterns.

**Year 3: Who's your favourite cartoon character?** I love Goofy, he's so funny and I love the silly way he talks.

**Year 4: What was your favourite book when you were a child?** The Secret Island, by Enid Blyton. I even have the very book I used to read at home now, pages are falling out and it is very old, but I still have it.

**Jeremy, Year 5: If you won a million dollars for charity, which one would you choose?** I don't know but would do heaps of research to make sure the money helped the most people over the longest possible time.

**Ruby, Year 6: What is your favourite food to cook?** My favourite thing is making cakes. Once, I made a cake with over 100 tiny little fondant books on it, all various colours and sizes, and the Matilda character to read them all. That was great fun!
