

Colour me vividly at Quintilian

Quintilian School in Mt Claremont celebrated the coming end of the school year with a colour run last Friday. The colour run was designed to have lots of fun and to get rid of some stress from the long, unusual year behind all of us. Students from pre-kindergarten to Year 6 and some brave staff and family members made up the contingent who began the event in pristine white clothing and crossed the finish line in a riot of colour.
